

RED MEN ARE MEETING ON HISTORIC GROUND

They Have Gathered Where Kecoughtan and Powhatan Once Dwelled.

STATE WELL REPRESENTED

Great Council Convenes, With 400 Members Present—Daughters Also in Session.

[Special to The Times-Dispatch.] Hampton, Va., May 21.—Four hundred members of the Improved Order of Red Men gathered in the Pythian Castle here to-day to attend the opening session of the sixty-seventh annual convention of the great council of the Virginia Red Men. The assemblage represents all sections of the Old Dominion and, according to the statements of the officers, this is the largest convention the great council has held during its long life of nearly three-quarters of a century.

It was in Hampton that old Kecoughtan, the famous Indian chief, and Powhatan, equally as famous in history, resided during their early days, and it was here that the two famous chiefs received the illustrious John Smith on his memorable visit to America more than 300 years ago. To-day the scene of those early days of the Aborigines were recounted by the speakers, who welcomed to the "Old Game Cock Town of Kecoughtan" the order which derived its names from the first American settlers. The opening session took place in the Pythian Castle and the city was turned over to the visitors by Mayor Thornton F. Jones, Hon. Harry H. Houston and County Treasurer David Johnson. The responses for the visiting Red Men were made by Mrs. W. H. Hetrick, of Roanoke, the Grand Pocahontas of the Degree of Daughters of Pocahontas, and George W. Whitely, of Newport News, the great sachem of Virginia.

Following the addresses of welcome and the opening ceremonies the Great Council went into executive session for the transaction of the business of the convention. Nearly 100 visiting men were received into the Great Council with the conferring of the past sachem's degree by several of the past great sachems.

According to the reports of the Great Chief of Records Frank H. Couch, the membership in the order increased last year by just 1,524, and to-day the Red Men number a little more than 12,000 in the Old Dominion. The treasury, of wampum belt, \$3,400. In fact, the order is flourishing both in numerical and financial ways. Six new councils were organized during the past great "annual."

Officers Are Elected.
At the afternoon session the entire time was consumed in the annual election of officers. The most interesting feature of the election was the contests for great junior sagamore, representatives to the Great Council of the United States. It required nearly three hours to select the representatives. For great junior sagamore, the race was between Messrs. Robinson, of Eastville; Parrot, of Danville; Wells, of Richmond, and May, of Alexandria. Parrot won. The complete list of officers follows:

Great prophet, George W. Whitely, of Newport News.
Great sachem, Harry Guthrie, of Newport News.
Great senior sagamore, J. Benjamin Moore, of Matoccos.
Great junior sagamore, Clifton J. Parrott, of Danville.
Great keeper of records, Captain Frank H. Couch, of Hampton.
Great keeper of wampum, R. W. Johnson, of Richmond.
Representatives to the Great Council of the United States: George W. Whitely, of Newport News; Albert M. Tannis, of Hampton; L. B. Belote, of Norfolk; Frank B. Varney, of Roanoke, and Great Master A. H. Golden, of Danville. While the Red Men were holding their business meetings in the Pythian Castle Hall, the members of the Degree of Daughters of Pocahontas, assembled in the Elks Hall for their third annual great council meeting. Mrs. Laura Hetrick, of Roanoke, the great Pocahontas, presided. The council adopted a new constitution and by-laws, and then elected officers for the coming year. The selection of a meeting place for next year was left open as the daughters always meet with the Great Council each year. It was shown that there are councils of daughters in Virginia, with a total membership of 1,500. The State committee, like the Red Men, is in financial condition. The officers elected for the coming year were:

Great prophetess, Mrs. Laura Hetrick, of Roanoke.
Great Pocahontas, Mrs. Catherine Miller, of Phoebus.
Great Winona, Mrs. Laura Calyer, of Chincoteague.
Great Minnehaha, Mrs. Lydia Chapman, of Winchester.
Great keeper of wampum, Mrs. Dora Glenn, of Richmond.

Great keeper of records, Mrs. D. H. Reeves, of Portsmouth.
Mrs. J. H. Levenston, of Richmond, is the retiring great prophetess of the Virginia degree. There are delegates here from Richmond, Portsmouth, Phoebus, Newport News, Winchester, Alexandria and other points.
To-night the daughters were the guests of honor at the banquet at Buckroe Beach, and to-morrow night they will attend a meeting of the Phoebus council, when the work will be conferred upon several candidates. The final session to-morrow will be devoted entirely to routine business matters.

Guests at Banquet.
The visiting Red Men were the guests of the Peninsula tribes at a banquet in the Buckroe Beach Hotel. S. Gordon Cummings was the toastmaster and the toasts responded to were as follows: "The Phoebe, Newport, E. L. Cunningham, Fleetfoot Tribe, No. 8; 'Our Old Guard,' L. B. Wheeler, past sachem, Wyoming Tribe, No. 49; 'The D. of P.,' Master Levenston, past great sachem, Virginia, David Johnson, past great sachem; 'What We Have Done,' George W. Whitely, great sachem; 'What We Propose to Do,' Harry Guthrie, great senior sagamore; 'Honor to Whom Honor is Due,' John W. Cherry, past great sachem, Pocahontas; 'Our Wives and Sweethearts,' Hon. S. R. Buxton, Fleetfoot Tribe, No. 8.

The new sash-bearers will be shown around the Peninsula and the closing session of the Great Council will end to-morrow afternoon.
Danville is making a stiff fight for the honor of entertaining the convention next year, and it is believed that the City on the Dan will receive the honor. This selection will be made shortly before the adjournment Thursday afternoon.
Among the prominent visitors are Great Past Inchoone John W. Cherry, of the Great Council of the United States; Sachem Sachem Powell, of North Carolina, and Past Great Sachem of Virginia, A. M. Tannis, David Johnson and others.
The visitors are being cared for in the hotel at Buckroe Beach, and the convention is holding its sessions in the Pythian Castle Hall, Hampton.
Last night more than 2,000 Red Men from all sections of the Old Dominion, News, Portsmouth, Norfolk and Berkeley, marched in a monster confetti carnival and street parade.

A creditable "annual" has been gotten up by the student body.

HURLED AROUND ON REVOLVING SHAFT

Fourteen-Year-Old Boy Seriously Injured While at Work in Mill.

[Special to The Times-Dispatch.] Pulaski, Va., May 21.—Otis Gray, aged fourteen years, had his sleeve caught by a set screw on a rapidly revolving shaft at the People's Mills to-day, and was hurled around until his clothing was torn from his body, throwing him to the floor. At every revolution his feet struck the ceiling, and the bones of the ankles and feet were badly crushed by the force of contact, and he may have been eternally injured. He was taken to the hospital at Roanoke for treatment.

The lad went to the basement alone. A dull striking sound attracted the attention of the miller, which took him a time to locate. When found, the boy was lying on the floor without a thread of clothing, and with the bones of the crushed. He never lost consciousness.

Tompkins, of this city, has sent out invitations for the marriage of her niece, Miss Beulah Alice Boatwright, to Dr. Robert Marvin Harris, of Orange. Acquitted of Murder.
In the Circuit Court of Prince George County yesterday, Judge West presiding, Preston Robinson, colored, was acquitted of the murder of Archibald Williams, for which he stood indicted. Williams was killed at Robinson's store, in the lower part of the county, several months ago. This was the second trial of the accused man, the first resulting in conviction, with a verdict of five years in the penitentiary. This verdict was set aside, and the second trial yesterday resulted in acquittal on the ground of self-defense.

John Taylor was acquitted of the charge of selling liquor without a license, and George Robinson, colored, was indicted for perjury in false swearing in connection with the case.

Lively Politics.
Politics was quite lively at Prince George Courthouse yesterday, a large crowd being assembled at court. Three candidates for the House of Delegates in the district—Dr. W. B. Daniel, W. H. Epps, of Prince George, and D. A. Harrison, of Prince George, and Stanley Burt, of Surry—were on the ground, circulating freely among the voters in the district.

But its voting strength is divided between two of its citizens, which makes in favor of the Surry candidate. Suggestions have been made to have a preferential primary in the county to see which of the two is the stronger people, but as yet no action has been taken in this respect. All three of the candidates are strong and popular men.

Exciting Midnight Encounter.
The family of Captain Dennis Perkins, whose home is "Battersea" in the extreme western section of the city, were aroused at midnight last night by the presence of a negro stealthily prowling through the house and entering different rooms. The negro said nothing when accosted, and made no move to leave the house. When he appeared at the door of the room of one of Captain Perkins' sons the latter seized his shotgun and attempted to use it on the supposed burglar, but the negro grasped it, and in the scuffle the weapon was charged harmlessly. The negro fought desperately and viciously to prevent capture, several times striking Captain Perkins. He was finally felled and overpowered and tied, so that he could offer no further resistance. It was then discovered by the clothes that the officer noticed the hospital lunatic from the Central State Hospital, and that he is dumb. The police were notified, and Officer Vaughan went to "Battersea" to take charge of the man. The officer notified the hospital authorities, and they promptly sent and removed the negro. The negro is supposed to have gotten in the "Battersea" house through a door that had been left unlocked. It was fortunate for him that, taken as he was for a burglar, he escaped with his life.

Death in Ettrick.
Louis E. Hargrave, a respected citizen of Ettrick, died yesterday afternoon at his home in that village, after a illness of several weeks. He was fifty-nine years old, and is survived by his wife, one son, James E. Hargrave, and one daughter, Mrs. Lillie Gee, all of Ettrick.

Narrow Escape.
E. B. Maytor, a merchant of this city, is interested in a stove mill, near Port Waltham, in Chesterfield County. He went out to the mill yesterday afternoon, and took a hand in unloading lumber from a wagon. He started to go down under it by dodging beneath the wagon. One of his arms was struck by the falling log, and was quite painfully though not seriously injured.

Hip Broken by a Fall.
Joseph Cook, of the well-known firm of James & Cook, merchants, at City Point, sustained a fracture of his right hip on Monday in a fall at his home. He is attended by Dr. J. D. Osborne, of this city.

Death in Prince George.
Mrs. Elizabeth W. Epps, wife of F. A. Epps, Sr., died this morning at her home in Prince George County, after an illness of two months. She was sixty-one years old, and is survived by eight children: F. A., Jr., and W. H. Epps, of Prince George; B. F. Epps, of Crew; Mrs. George Dunn, of Petersburg; Mrs. C. E. Johnson, of Smithfield; Mrs. J. W. Thompson, of Surry; and Mrs. C. E. Johnson, Jr., of Prince George.

Woodmen's Social.
Maggolia Camp, Woodmen of the World, of James, Dinwiddie County, had a delightful social last night, at which there were gathered many members and their families and relatives. Speeches were delivered by Dr. E. Perkins, Charles H. Godsey, of District Manager R. E. Mayer, of this city. Refreshments were served and a most enjoyable evening was spent.

General News Notes.
The quartet choir of Park Place Methodist Episcopal Church, Richmond, will give a concert at High Street Church, next Tuesday night in the interest of choir objects.
The probability is that the city budget for the next fiscal year will contain items of appropriations for increase of pay of a number of city employees. The matter is now being discussed.

Postmaster-General Burleson has ordered that the practice of backstamping of ordinary mail be discontinued. However, all registered and special stamp delivery mail of whatever class, received for delivery at any office, shall be backstamped. The discontinuance of backstamping of ordinary mail matter saves much time and labor.

This morning at 7 o'clock at the home of the bride's parents, Mr. and Mrs. C. Crutchlow, in Dinwiddie County, Miss Lena Mae Crutchlow was married to Ralph Alexander Talbot, the Rev. A. R. Love officiating. The young couple went North on their bridal trip, and on their return will reside in Petersburg.

Albert Tucker, of this city, who holds a commission in the United States Navy as chief carpenter, went to Washington to-day in the interest of a safety device for air craft invented by him. It consists of a parachute which is fired into the air from the aeroplane.

BILL TO ESTABLISH AVIATION CORPS

Measure Introduced by Hay Likely to Rescue Favorable Consideration.

[Special to The Times-Dispatch.] Washington, May 21.—Among the many hundreds of bills which have been introduced in Congress since last December, many of which will never be considered, is one offered by Congressman Hay, of Virginia, chairman of the House Committee on Military Affairs, which is likely not only to receive favorable consideration at an early date, but to be enacted into law soon as the House committee is organized and in working order.

Mr. Hay desires to increase the efficiency of the aviation service of the army, and the manner in which he would do this is by appeal to persons who are interested in the welfare of the army, and who desire to see its usefulness increased. The Aviation Corps to be established, would be composed of one officer with the rank of major, two with the rank of captain, and thirty with the rank of lieutenant. They would serve as directed from time to time by the Secretary of War. No officer would be detailed to this corps unless he had the necessary special skill and ability as a military aviator.

While officers are on duty in this work they would be entitled to receive an increase of 50 per cent in the pay of their respective grades. In addition to the officers mentioned, the Secretary of War is authorized to detail for service to this corps such enlisted men as may become qualified, and they also will be entitled to receive an increase of 50 per cent in pay.

It is provided that there shall be an aviation school for the instruction of officers and enlisted men, both of the regular army and of the organized militia of the various States. The aviation school would be located and maintained at a military post owned by the United States and not within the District of Columbia, and this headquarters may be changed from time to time in order to meet climatic and other conditions.

There is not the least doubt in the minds of those interested in this bill that there is much need for an aviation corps, just as there is for a medical corps, or other branches of the army. They hope to secure favorable action as soon as its terms are fully understood.

FLOOD OF LETTERS FROM EMPLOYMENT SEEKERS.

[Special to The Times-Dispatch.] Alexandria, Va., May 21.—A few days ago the Chamber of Commerce waited upon Mayor Fisher and took up the question of the serious trouble encountered by business men generally in obtaining help. This was published broadcast throughout the country, and since then J. T. Preston, secretary of the Chamber of Commerce, has been flooded with letters from men seeking employment, many of them also appeared in person, and were directed to places where help was needed. Needless to say that Alexandria already has a sufficient number of recruits to fill up the places where help is needed.

Members of the Chamber of Commerce are now thoroughly convinced that it pays to advertise, as the letters received came from North, South, East and West.

Pelagic Fishers Pass Through Norfolk En Route from Carolina Coast to New Jersey.
Norfolk, Va., May 21.—Bound for Holly Beach, N. J., from Norfolk, Va., on the twenty-two-foot motor launch, Andy, Captain John Martin, and Victor Smeadman reached Norfolk last evening from Cape Head through the Albemarle and Chesapeake Canals, carrying the cargo of 200 mackerel. After replenishing its fuel tanks and laying in a fresh supply of provisions the dory left for Cape Fear, N. C., at an early hour this morning. The remaining distance will be covered by the outside route, and it favored with good weather the Andy is expected to reach its destination in the upper Jersey coast Thursday morning.

Captain Martin and Smeadman have been sturgeon fishing on the Carolina coast since the spring. They report the catch of sturgeon to have been very light, the scarcity having advanced the price of caviar to \$2 a pound. The northward cruise of the "Andy" constitutes the annual change of headquarters by the two deep-sea fishermen, who spend half of each year off the Jersey coast and six months in North Carolina.

When the sturgeon fishing season is closed in March the sturgeon nets are set in the ocean from two to four miles off shore. The nets are made of heavy twine, and are baited with a very profitable vocation. One good haul will yield a quantity of from 50 to 100 pounds of caviar. This season caviar sold for \$2 a pound, and in consequence a good fish he located and heavy shipments of frozen mackerel, blue fish and shad are made to the Northern markets.

MAKES YOUR BACKACHE VANISH, DRIVES RHEUMATIC PAINS AWAY

Eases Stiff, Sore, Swollen Joints and Muscles, Relieving Backache and Bladder Disorders After Few Doses Are Taken

This is what Croxone, the new scientific discovery, does for sufferers of such troubles. It promptly relieves these diseases because it reaches the cause. It soaks right into the walls and linings of the kidneys and cleans out the stopped-up, inactive organs like water does a sponge—neutralizes, and dissolves every particle of uric acid and makes the kidneys sift from the blood all the waste matter and poisons that lodge in the joints and muscles to scratch and irritate and cause rheumatism. It soothes and heals the delicate linings of the bladder and leaves the kidneys in a clean, strong, healthy condition, so they can filter the blood and keep you well.

If you suffer with backache—have pains in the neck or sides—nervous or dizzy spells—a few doses of Croxone will relieve the congestion and you will be surprised how quickly all kidney, bladder and rheumatic troubles will disappear.

Croxone is different from all other remedies. It is so prepared that it is practically impossible to take it into the human system without results. An original package of Croxone costs but a trifle, and all druggists are authorized to return the purchase price if Croxone should fail in a single case.
